9. GREEN TIP FOR THE WEEK - HOW TO SHOP SMARTER

How many times have you gone to the supermarket to pick up a few necessities and come home with a lot of things you didn't need? These products often go to waste, get thrown out or help to pollute the planet. Here are some tips on shopping smarter:

- Never shop when hungry or thirsty as you will buy surplus food and drinks on impulse. For example, if you go shopping after gym, don't buy a cold bottle of water from the store and then end up throwing out the plastic bottle. Take a piece of fruit and drink something while still at gym.
- Always make a list, first with necessities and then with treats if you can afford them. It is always better to stick within budget and make sure that everything you buy will get eaten.
- Don't splurge on sale items simply because you think you may be saving money. Take the time to think carefully - would I buy this if it were full priced?
- However, if the answer to the question above is yes, you would buy the item at full price, then go ahead and buy it (as many as you can without it going off) on sale. Better yet, buy in bulk to avoid unnecessary packaging.
- Visit the fresh produce section last so your fruit and vegetables don't get bruised in the trolley.
- Lastly, don't forget to take your fabric shopping bags!

10. FIRST TERM CALENDAR / EERSTE KWARTAALALMANAK

There will be many lucky draws. / Agter op die kwartaalalmanak wat u aan die begin van die kwartaal ontvang het, is daar 'n plek waar jy jou naam en graad kan invul. Indien jy 'n prys wil wen, moet die almanak môre oggend, 26 Maart, terug skool toe gestuur word (gee vir jou klasonderwyser). Daar sal baie gelukkige trekkings wees.
