In addition to the anxiety which the COVID-19 brings to all children, many of those homed at The Durbanville Children's Home were not allowed to visit their families during the school holiday. Sadly, our children are no strangers to trauma, fear and anxiety. The challenge is that these experiences are triggering old and past trauma, and our children are re-living those feelings in an environment where they are now also not able to escape.

At the Durbanville Children's Home, we have 144 children to keep happy and constructively occupied. Home schooling that number of children across multiple school grades has challenged both our resources and creativity.

Our annual gala dinner, which raises a large portion of our fundraising budget, has unfortunately been postponed. Our regular funders are experiencing their own unique challenges.

The key word during this time has been "challenge".

We ask for your support and act of solidarity during this crisis.

During the month of May we aim is to raise R1000 per child in our care. This means 2880 donations of R50 each.

We challenge everyone to take part:

- 1) Make a donation of only R50.
- 2) Challenge 5 of your friends by tagging them in the comments section.
- 3) Share this on your Facebook timeline with [#2880peoplewhocareforDCH](#) and [#R50SurviveDrive](#)

You can donate via eft, GivenGain or using zipper (see details on attached image)

GivenGain: <https://www.givengain.com/c/dvillekinderhuis/>

For more information, contact Johanna Strauss at jstrauss@durbanvillekinderhuis.org.za

It is the price of a cup of coffee with a friend, but will help make life easier for a child in need.

We appreciate all donations.

Something to look forward to for after Lockdown. A Super Safe destination!! No new cases of Covid 19 since 18 April and currently no active cases.
