Dear Parents

PHASING IN OF SPORT IN 2021

Kenridge Primary will be starting with our extramural programme during the second week of the new school year in 2021. We shall be using a revised program catering for Group A and Group B learners. We are required to follow the necessary protocols and will be systemically opening our extramural programme for our learners.

We ask that players attend practices on their school day which allows for smaller groups and more individual attention. We shall continually assess the programme and make changes as we are able to accommodate more learners at the venues and practices.

The following arrangements apply to all sports:

- Each learner arrives with a mask.
- Each learner brings their own water bottle.
- Screening protocols for the various sport codes will be sent out early next term.
- No spectators allowed at practices.
- Social distancing will be maintained.

Our school has accepted invitations to various sports events next year and will attend these if permitted by current regulations. We are looking forward to having our learners take part in the extracurricular programme of the school again.

Attached are the forms for the extramural activities. Please click on this link to select your child's / children's activities.
