

## KPS SPEEDSTACKING COMPETITION RESULTS

On Friday, 12 November, 22 KPS Speedstackers took part in our annual internal competition, which was held in the Enrichment Room.

There were **two subdivisions**: junior (Gr. 1-3) and senior (Gr. 4-7).

The participants each had three opportunities to record their fastest times for the different pattern sequences, namely the 333, 363 and the cycle. Their fastest scores for each were added together to determine the overall winners, and medals were awarded to the top 3 stackers in these age-groups.

Most of the medal place times were so close, there were literally split seconds separating them.

There was some fierce competition, especially in the senior division. The boys dominated the medal tally this year.

The results were as follows:

<u>JUNIOR</u>	<b>333 sequence</b>	<b>363 sequence</b>	<b>Full Cycle</b>	<b>OVERALL MEDAL WINNERS</b>
<b>Gr. 1 - 3</b>
